New Apparatus Comes To Honey Brook!

Recently the Honey Brook Fire Company purchased several new pieces of apparatus. The company purchased a 2001 fire engine from the Yardley-Makefield Fire Company to replace the aging engine 33-2 making it the new engine 33-2. The new engine has not been put into service as of yet, but the fire company is working hard to get this done as quickly as possible.

Along with the new engine the fire company purchased a boat to be used for water rescues on Struble Lake and during flooding emergencies. The boat is currently undergoing renovations and should be placed into service shortly.

The most recent purchase was a 2010 Ford F350 Super Duty crew cab pick up truck. This new truck will be used to transport the rescue boat, as well as additional personnel and equipment to and from any emergency. The squad was placed into service at the beginning of 2010 to assist the EMS during the snow storms we experienced in January and February.

Honey Brook EMS News!

Up until the end of 2009, Uwchlan Ambulance Corps provided the Honey Brook Ambulance Association with EMS providers. Starting in January of this year, the Ambulance Association began to provide their own EMS providers. After many interviews with qualified personnel the committee hired 5 full-time EMTs and 15 part time EMTs. They are as follows;

Full Time EMTs

Rich Ressel - EMS Supervisor
Chaz Brogan
Mike McBride
Emily Michaels
Jason Overholt

Part Time EMTs

Walt Bohn
Toby Bonsall
Len Brown
Tabatha Burkholder
Michelle King
Bryan Sockel
Shelly Meadowcroft

Andy O'Donnell
Vanessa Oster
Dave Panetta
A.J. Pizzi
Adam Pozza
Ed Walters

With the addition of these personnel, the Honey Brook Ambulance Association can now provide Honey Brook and surrounding communities with complete 24 hour coverage enabling faster response to emergencies. The associations volunteer EMTs will still assist with additional responses.
